

Special Cold Heading Steel Grade Stainless Steel Rod With Temperature Resistance

Our Product Introduction

Basic Information

- Place of Origin: china
- Brand Name: Sheng Quan
- Certification: ISO9001:2000
- Model Number: 201/304/304L/316/316L/321/309/310
- Minimum Order Quantity: 1ton
- Price: USD1500-USD6000
- Packaging Details: Standard Export Sea-Worthy Packing
- Delivery Time: 5-15days
- Payment Terms: L/C, T/T, Western Union
- Supply Ability: 15000Tons

Product Specification

- Dimensions: From 4mm To 500mm
- Trading Terms: FOB CIF CFR EXW Ect
- Type: Round, Square, Flat, Angle,
- Dimension: 20*20*3mm-100*100*12mm
- Temperature Resistance: High
- Special Use: Cold Heading Steel
- Thickness Tolerance: ± 0.01 mm
- Material: Stainless Steel
- Highlight: **Cold Heading Stainless Steel Rod,
Special Stainless Steel Rod,
Temperature Resistance Stainless Steel Rod**

Product Description:

These SS Rods are perfect for cold heading steel applications due to their high strength and durability. They are also known as Stainless Steel Bars and are available in dimensions ranging from 20*20*3mm to 100*100*12mm.

Our Stainless Steel Rods are made from high-quality materials and are processed using the latest techniques in the industry to ensure their durability and reliability. They are able to withstand high temperatures and resist corrosion, making them suitable for use in a wide range of environments and applications.

Whether you need a Stainless Steel Rod for commercial or industrial use, our high-quality products are guaranteed to meet your needs. They are also suitable for use in a wide range of applications, including construction, manufacturing, and engineering.

Our Stainless Steel Rods are carefully crafted to meet the highest standards of quality and are backed by our commitment to customer satisfaction. We offer a wide range of sizes and dimensions to meet your needs, and our team of experts is always on hand to provide you with the support and advice you need to make the right choice.

So why wait? Order your Stainless Steel Rod today and experience the difference that quality and reliability can make.

Product Name	Bright Stainless steel rod	
Material	201 304,304L,309S,310S,316,316L,316Ti,317,317L,321,347H,2021,202,405,409,410,420,430,etc	
Type	Round Bar	
Surface	Bright Polished	
Diameter	Round Bar	Diameter: 3mm~50mm
Length	3m-6m or custom cutting any length as request	
Quality test	we can offer MTC (mill test certificate)	
MOQ	300 kgs	
Payment terms	L/C T/T (30%DEPOSIT) or upon negotiation	
Stock or not	in stock	
Packing	Bundled,wooden box for export standard package	
Delivery time	7-15 days,or according to the order quantity or upon negotiation	

Features:

Product Name: stainless steel rod

Temperature Resistance: High

Special Use: Cold Heading Steel

Thickness Tolerance: $\pm 0.01\text{mm}$

Advantages: Strong Corrosion And Decorative Effect

Dimension: 20*20*3mm-100*100*12mm

Other Names: Steel Rod, Iron Alloy Rod, Metal Round rod

Applications:

The Stainless Steel Round Bar is a versatile product that can be used in different industries and scenarios. The product is known for its high-temperature resistance, making it suitable for use in high-temperature environments. The product is also strong and durable, making it ideal for use in heavy-duty applications. The bar is available in different grades, including Stainless Steel Bar, making it suitable for use in different scenarios.

The Sheng Quan Stainless Steel Rod is ideal for use in different occasions and scenarios. The product is widely used in the construction industry, where it is used to make different structures, including bridges, buildings, and other infrastructure. The product is also used in the manufacturing industry, where it is used to make different products, including machinery parts, automotive parts, and other metal products.

The Stainless Steel Round Bar is also suitable for use in the medical industry, where it is used to make different medical equipment, including surgical instruments. The product is also used in the food and beverage industry, where it is used to make different equipment, including brewing equipment, dairy equipment, and other food processing equipment.

The Sheng Quan Stainless Steel Rod is a quality product that is known for its strong corrosion and decorative effect. The product is made from high-quality materials, making it suitable for use in different scenarios. The product is supplied in different quantities, with a supply ability of 15000Tons. The delivery time for the product is 5-15 days, depending on the quantity ordered.

The Stainless Steel Round Bar is an excellent product that can be used in different scenarios and occasions. The product is known for its high-quality and durability, making it suitable for use in heavy-duty applications. The product is also available in different sizes and shapes, including Metal Round rod, making it suitable for use in different scenarios.

The Sheng Quan Stainless Steel Rod is a quality product that is suitable for different industries and scenarios. The product is made from high-quality materials, making it suitable for use in different environments. The product is also available in different grades, making it suitable for use in different scenarios. The product is an excellent investment for anyone looking for a durable and reliable product.

Customization:

Brand Name: Sheng Quan

Model Number: 201/304/304L/316/316L/321/309/310

Place of Origin: China

Certification: ISO9001:2000

Minimum Order Quantity: 1 ton

Price: USD 1500-USD 6000

Packaging Details: Standard Export Sea-Worthy Packing
Delivery Time: 5-15 days
Payment Terms: L/C, T/T, Western Union
Supply Ability: 15000 Tons
Dimension: 20*20*3mm-100*100*12mm
Advantages: Strong Corrosion And Decorative Effect
Thickness Tolerance: ± 0.01 mm
Origin: Jiangsu China(Mainland)
Dimensions: From 4mm To 500mm
Product Keywords: Steel Bar, SS Rod, SS Rod

Packing and Shipping:

Product Packaging:

The stainless steel rods will be packed in bundles securely with steel straps.

The bundles will be wrapped with plastic sheets to protect them from scratches and corrosion during transit.

The size and weight of each bundle will be customized according to the customer's requirements.

Shipping:

The stainless steel rods will be shipped via a reliable and reputable courier service.

The delivery time will depend on the customer's location and shipping option chosen.

The customer will be provided with a tracking number to track the shipment online.
